# Global Transfer Programme

## The programme

The UOB-HKUST 4+1 Global Transfer Programme (Experimental Psychology) allows you to transfer your study to the University of Bristol, graduating with a degree from Hong Kong University of Science and Technology and the University of Bristol. This programme is open to students studying Biological Science, Biochemistry and Cell Biology, Biotechnology and Biotechnology and Business.

## Entry requirements

To transfer to Bristol, you need to meet our academic and English language requirements. You need to achieve a minimum CGA 3.2 in your degree.

Check your Transfer Plan for more detailed information.

This document contains all the essential information you will need about the partnership including information on the English language requirements.

## Applications

Please check your Transfer Plan for information on the application deadline.

## Scholarships

The University of Bristol offers an exclusive scholarship to all HKUST students on the programme which will reduce your tuition fee by 10%.

Bristol has invested £1.75 million in international scholarships for 2021, which we welcome you to apply for here:
